

REFERENCE LIST OF MAJOR PROJECTS POWER PLANTS, CONVENTIONAL AND NUCLEAR

OWNER	COUNTRY	PLANT	WORK PERFORMED	CONTRACT PERIOD
CMI	U.A.E.	Power Plant for Aluminium Company	Erection of n° 2 Heat Recovery Steam Generator (H.R.S.G.) including piping systems and steel construction.	2003 - 2004
NE CCT	U.A.E.	Power Plant	Erection of n° 5 Heat Recovery Steam Generator (H.R.S.G.) including piping systems and steel construction.	2002 - 2004
CMI	U.A.E.	Power Plant for Aluminium Company	Erection of n° 4 Heat Recovery Steam Generator (H.R.S.G.) including piping systems and steel construction.	1999 - 2000
ENEL	La Spezia Italy	Conventional Power Plant	Turn-key supply of gas ducts between Boilers and Denox Plant.	1999 - 2000
I.N.F.N.	Pisa Italy	I.N.F.N. Laboratory	Erection of VIRGO Project.	1999 - 2001
T.L.T.	Capua Italy	C.I.R.A. Laboratory	Turn-key supply I.W.T. (Wind Tunnel).	1998 - 1999
N.E.T.	München Germany	NET Laboratory	Fabrication, development and Quality Assurance for the TF Coil Case and Radial Plat for N.E.T. München.	1997 - 1999
N.E.T.	Brasimone Italy	C.R.E. ENEA	Fabrication and erection of Divertor Test Platform.	1996 - 1998
ABB	Rossano Calabro Italy	Conventional Power Plant Repowering	Erection of Denox Plant.	1995 - 1999
ANSALDO	Taranto Italy	ILVA Cogeneration Plant 500 MW	Erection of Cogeneration Plant.	1995 - 1997
OVA ELEKTRIK (Colakoglu Group)	Gebze Turkey	Combined Cycle 300 MW	Turn-key supply of n° 2 Heat Recovery Steam Generators downstream GE Frame 9 Gas Turbines.	1995
ENEL	Rossano Calabro Italy	Conventional Power Plant Repowering	Design, supply, fabrication and erection of n°4 repowering systems including Waste Heat Recovery Boilers, H.P. piping systems, steel structures and stack. N° 6 Storage Tanks Oil Products class "A" and "C" floating roof double deck type capacity Mc. 50.000. Supply and fabrication of turbine hull and auxiliary buildings for n° 4 unit 320 MW, including main and secondary steel structures, roofing and cladding.	1992 - 1999
SALINE WATER CONVERSION CORPORATION	Yanbu Medina Arabia	Saudi Power Plant	Engineering, supply of materials, fabrication and erection of n° 2 units of 80 MW/each, n° 2 boilers of 600 ton/h each utilities and offsites systems.	1993 - 1997
DUBAI ELECTRICITY CORPORATION	Dubai U.A.E.	Taweelah Power & Desalination Station "B"	Erection of n° 6 Steam Boilers and fabrication and erection of L.P. piping.	1994 - 1995
ENEL	Turbigo Italy	Conventional Power Plant Repowering	Turn-key supply of gas ducts between Boilers and Denox Plant for 3 group of 320 MW each.	1994 - 1997

REFERENCE LIST OF MAJOR PROJECTS POWER PLANTS, CONVENTIONAL AND NUCLEAR

OWNER	COUNTRY	PLANT	WORK PERFORMED	CONTRACT PERIOD
ENEL	Turbigo Italy	Conventional Power Plant Repowering	Design, supply, fabrication and erection of n° 1 repowering system including Waste Heat Recovery Boilers, H.P. piping systems and steel structures. Steel structures for thermal stations. N° 2 storage tanks oil products class "A" and "C" fixed roof type capacity m³ 20.000. N° 3 storage tanks oil products class "A" and "C" type floating roof double deck type capacity m³ 50.000.	1992 - 1997
ENEL	Trino Vercellese Italy	Conventional Power Plant Combined Cycle	Complete mechanical realisation (design, supply, fabrication and erection) for the following: - Condensers - LP and HP piping systems - Steel Structures - Mechanical Components for two power generating units 300 MW each.	1992 - 1998
ENEL	Brindisi South Italy	Conventional Power Plant	Basic design, detail engineering and erection of denitrification systems and commissioning activities with the only exclusion of civil works of 4x660 MW Power Plant. Fabrication and erection of 3 Fuel Storage Tanks (capacity: 2x100.000 m³ and 1x50.000 m³) floating roof, double deck type. Complete mechanical realisation (design, supply, fabrication and erection) for piping and components of feed, steam and condensate system for n° 2 power generating units 660 MW each. Supply and fabrication of turbine hull and auxiliary buildings for n° 4 units 660 MW, including main and secondary steel structures, roofing and cladding.	1991 - 1995 1987 - 1992 1984 - 1992 1984 - 1990
D.E.C. DUBAI	Jebel Ali Dubai (U.A.E.)	Gas Turbine Power Plant of Jebel Ali	Mechanical Construction of the Power Plant including BOP.	1991 - 1994
ENEL/ANSALDO	Montalto di Castro Italy	Conventional Power Plant	Supply and fabrication of boiler steel structures for n° 1 unit 660 MW.	1991 - 1992
ENEL/ANSALDO	Gioia Tauro Italy	Conventional Power Plant	Supply and fabrication of boiler steel structures for n° 2 units 660 MW.	1990 - 1993
ENEL	Montalto di Castro Italy	Conventional Power Plant	Complete mechanical realisation (design, supply, fabrication and erection) for piping and components of feed, steam and condensate system for n° 4 power generating units 660 MW each. Design, supply, fabrication and erection of n° 8 Waste Heat Recovery Boilers and auxiliaries for the repowering system. Supply, fabrication and erection of turbine hall and auxiliary buildings for n° 4 units 660 MW, including main and secondary steel structures, roofing and cladding.	1990 - 1998 1990 - 1998 1990 - 1994
